

Kleena Kleene

Did you ever want to let go and just live as our forefathers did? Have you ever wondered about the old Canadian West? What it would be like to explore the backcountry on horseback or experience an old-fashioned neighborhood Bar-B-Q?

Situated in the heart of the Chilcotin, surrounded by the majestic, snow-capped Coastal Mountain range, Kleena Kleene is a genuine taste of the Canadian West rangeland territory. 151 miles or 242km west of Williams Lake along the famous Chilcotin Highway 20, Kleena Kleene offers a glimpse of Canada's West! The passion, the excitement, the peace and the tranquility. A land where old values are a way of life. Where nature and the preservation of land and wildlife still takes precedence. A land where we belong, where your horse is your best friend, believing and trusting in YOU, offering you comfort, strength, and the unbridled power you've longed for at your beck and call. A land where Your Childhood Dreams Come Alive!

Try keeping the trout off your line, whether on the fly in the KlinaKlini river or trolling on Clearwater or One Eye Lake.

Still preserved as it was, without the pressures of the modern world, Moose, Eagles, Black & Grizzly Bears, Caribou, Wolf and Cougars still roam in their land without fear, allowing some of the most wonderful opportunistic wildlife viewing.

Hike to the KlinaKlini Falls or to the top of Perkins Peak, which offers a spectacular view of a wilderness landscape. Stop in and spend some time with the locals at several of the guest ranches where you can experience old time family and community values. Or take a Horseback ride in the backcountry to experience what our forefathers did to discover this wonderful land. Hospitality and genuine caring is the norm and old-fashioned family values are a way of life. Kleena Kleene will give you a taste of what life is meant to be.
