

Cariboo Chilcotin Arts & Culture

Arts and Culture of the Cariboo-Chilcotin

The Cariboo-Chilcotin region has some of the most unique Art and artists in the world. Visitors fall in love with what is produced; paintings, photography that captures our stunning landscapes, pottery, weaving, jewelry, Native works and books by local authors that bring the past to life and honour the Native culture as well as the pioneers that settled here.

Painting by Lynda Sawyer - "The Cariboo's sideroads are filled with Balsam Root Sunflowers each spring."

Smaller communities such as Horsefly, host events like 'Arts on the Fly' an Arts, Music and Dance Festival.

A recent addition that has been introduced to the region is the Central Cariboo Arts & Culture Centre. Williams Lake's original Fire hall has been

refurbished into a centre that provides space for area arts groups, including the Cariboo Potters, Spinners and Weavers and the Cariboo Art Society.

Painting by Lynda Sawyer

Each summer the Williams Lake Business Improvement Area and the Station House Gallery host ARTWALK, with 30 to 40 artist's works being displayed in business locations for the enjoyment of locals and tourists.

Painting by Lynda Sawyer

Williams Lake's beautiful Boitanio Park amphitheatre is the venue for 'Performances in the Park' free concerts which feature local and out of area musicians. The region also has the very energetic Williams Lake Studio Theatre Society which produces a number of great plays each season.

Painting by Lynda Sawyer

The Cariboo-Chilcotin's beauty offers much for visitors, hiking, lake and river fishing, wildlife viewing and other outdoor activities and a chance to experience some exciting, must see, Art.
